Mohawk salutes...

Capitol Carpet & Tile and Wood

It takes special attributes to be a Mohawk Floorscapes® retailer.

Among them are a history of solid business practices, the commitment to exploring new and exciting products plus a legacy of education for the business owner and members of the sales and design staff.

These characteristics in a retailer result in the ability to deliver not only the right product to the consumer in terms of style, but also top quality installation. Whether your tastes run from carpet, hardwood, laminate, vinyl/resilient, or ceramic tile, Capitol Carpet and Tile meets the customer's interior fashion needs and personal desires for quality. That's why only a few select retailers can be an authorized Mohawk Floorscapes retailer.

You have only to visit a Mohawk Floorscapes showroom to witness first-hand the top Mohawk-brand products as well as the broadest selection of fashion, color and style, all at a competitive price! It's virtually impossible to find that combination of product, service, knowledge and value anywhere other than an independent retailer who specializes in flooring fashion. Furthermore, it's impossible to get that "Floorscapes Touch" from anyone other than your local Mohawk Floorscapes retailer.

Mohawk Industries, the nation's oldest flooring brand and the world's largest flooring manufacturer is proud to have Capitol Carpet & Tile as an industry partner and a member of our Mohawk Floorscapes family.

And we salute Capitol Carpet & Tile on 23 years of excellence.

Mohawk Industries

You know us. We bring you high-quality Mohawk products at highly competitive prices. Over the years, you've come to know that we will be there with you, helping you find just the right products that look best and work best for your project as you envisioned it. We can even come to your home to talk about your project, the layout, special needs or architectural challenges. We'll measure precisely so you'll order just the right amount. And we'll help you select the Mohawk tile, trim and personal accent pieces (and any other Mohawk product too!), then see to it that our specially trained installers turn your tile décor into the work of art you dreamed of.

This is how we define customer service as you have come to expect it from this group of friendly, knowledgeable and caring professionals who understand your needs and desires. From the beginning of your project to the end... and follow-up too.
